KUNST BLOCK BALVE

An outline

Our venue with its industrial character is a rarity in Munich. Screened off between Westend and the railway tracks, it has developed a life of its own that forms a wonderful contrast to the usual Munich chic. Close to Schwanthalerhöhe, more than 1,550 m² house four flexibly usable event spaces:

- **PANORAMA**

- **BLACK CUBE**

- **RED ROOM**

- **WORKSHOP**

The spacious venue lends itself to extraordinary events, spectacular stagings, modern conferences, training sessions or other encounters and occasions you may not yet have thought of: Think out of the box! We support you with the planning, put you in touch with our experienced and professional catering partner and take care of organising all of your ideas. We also offer various all-inclusive packages and optional additional services.

The rooms are accessed via a staircase (stairway width 1.20 m) and the goods lift (width 2.15 m | length 3.35 m | height 2.20 m) on the third floor of the building.

The Bauhaus multi-storey car park 300 metres away (levels 3 and 4) provides more than 80 parking spaces. Delivery by lorry is possible (via loading ramp). The venue can be reached from the motorway within a few minutes.

PANORAMA

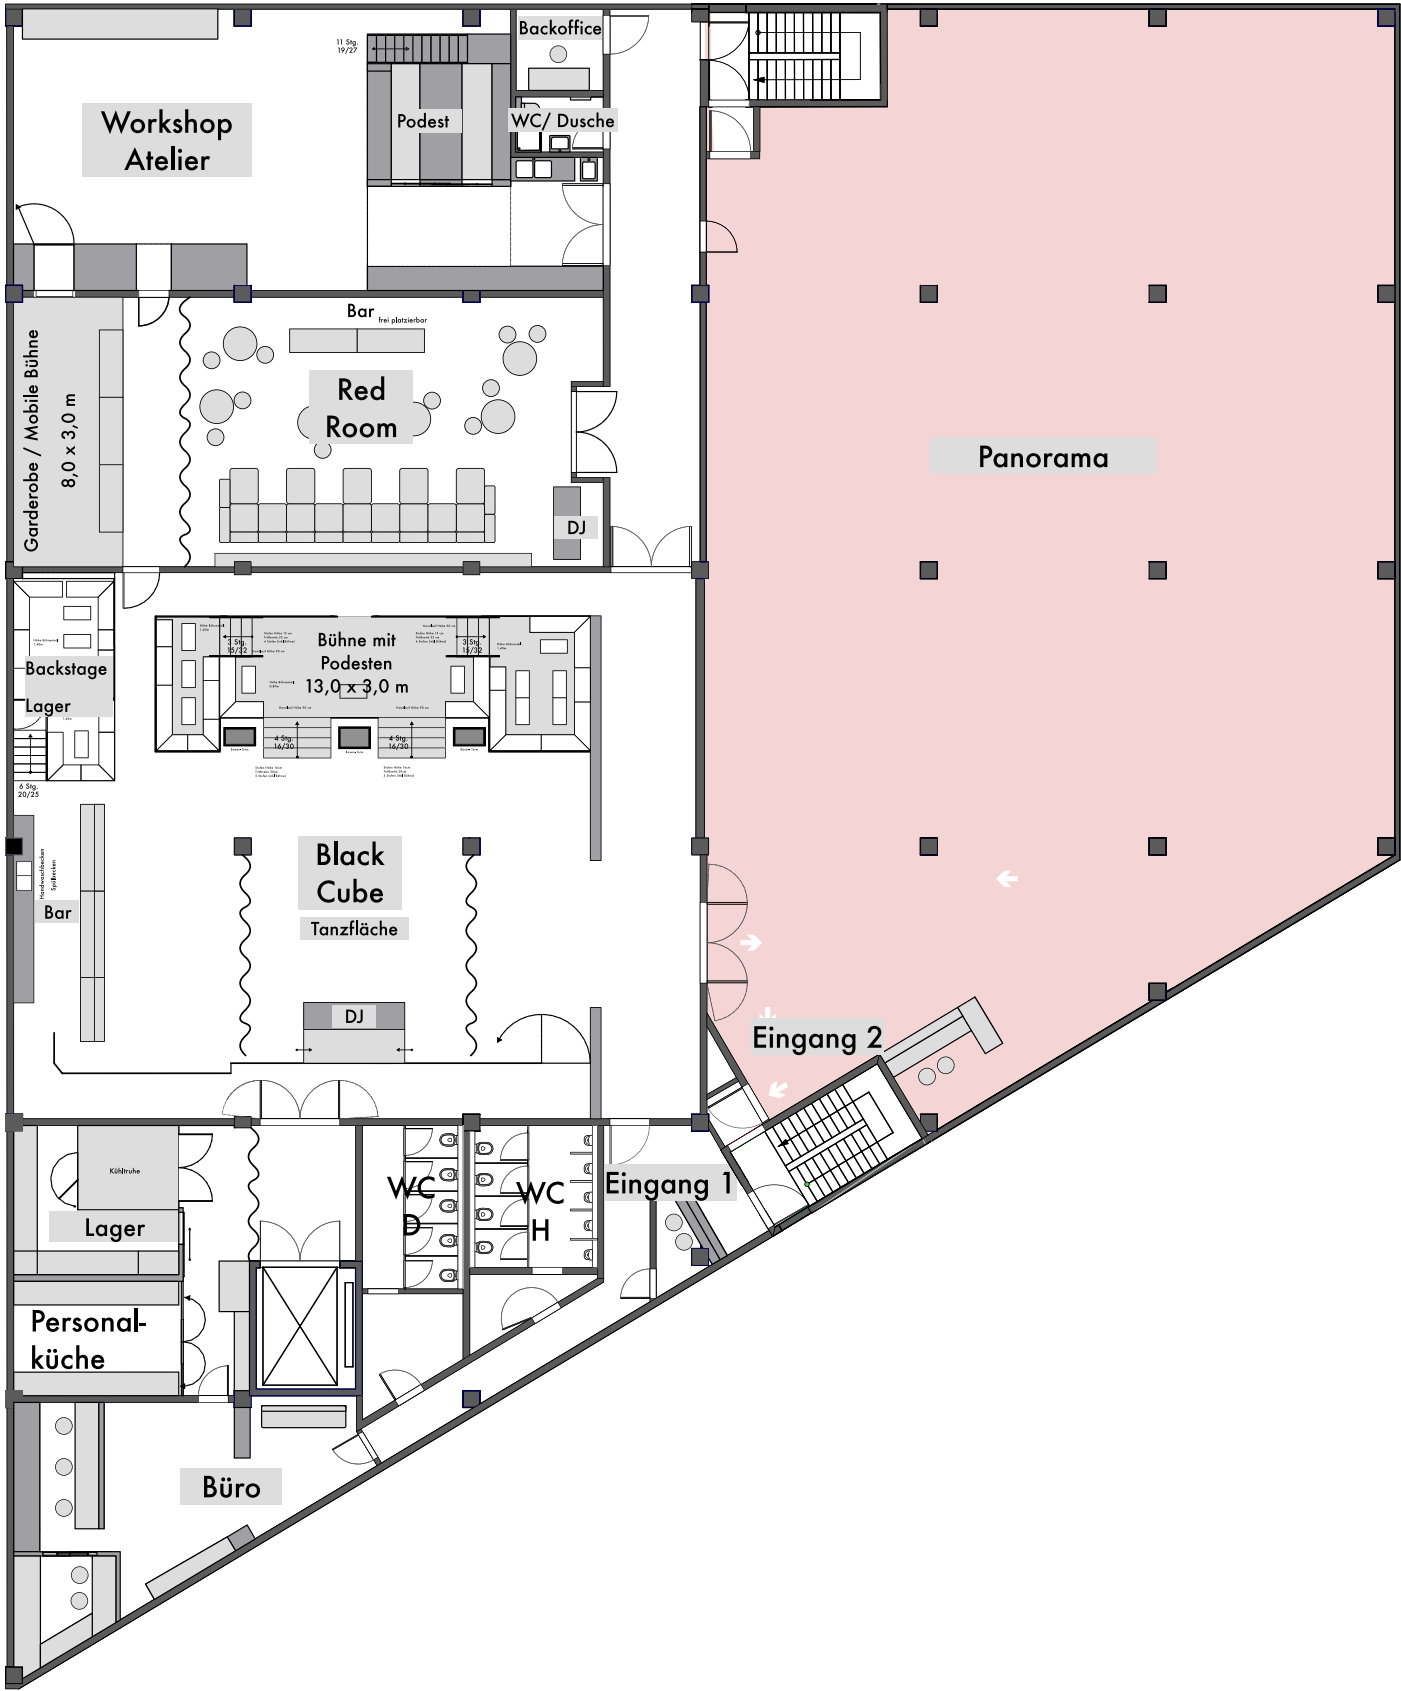

Panorama room

The bright room extends across a generous 600 m². The window front, spanning almost the entire width of the room, fills the space with natural daylight. Four large roof hatches of 2 m² each additionally allow fresh air and daylight to enter from above. With its white walls, this open room has an understated interior. Every type of event is possible here.

DATA | FLOOR PLAN

TECHNICAL FEATURES

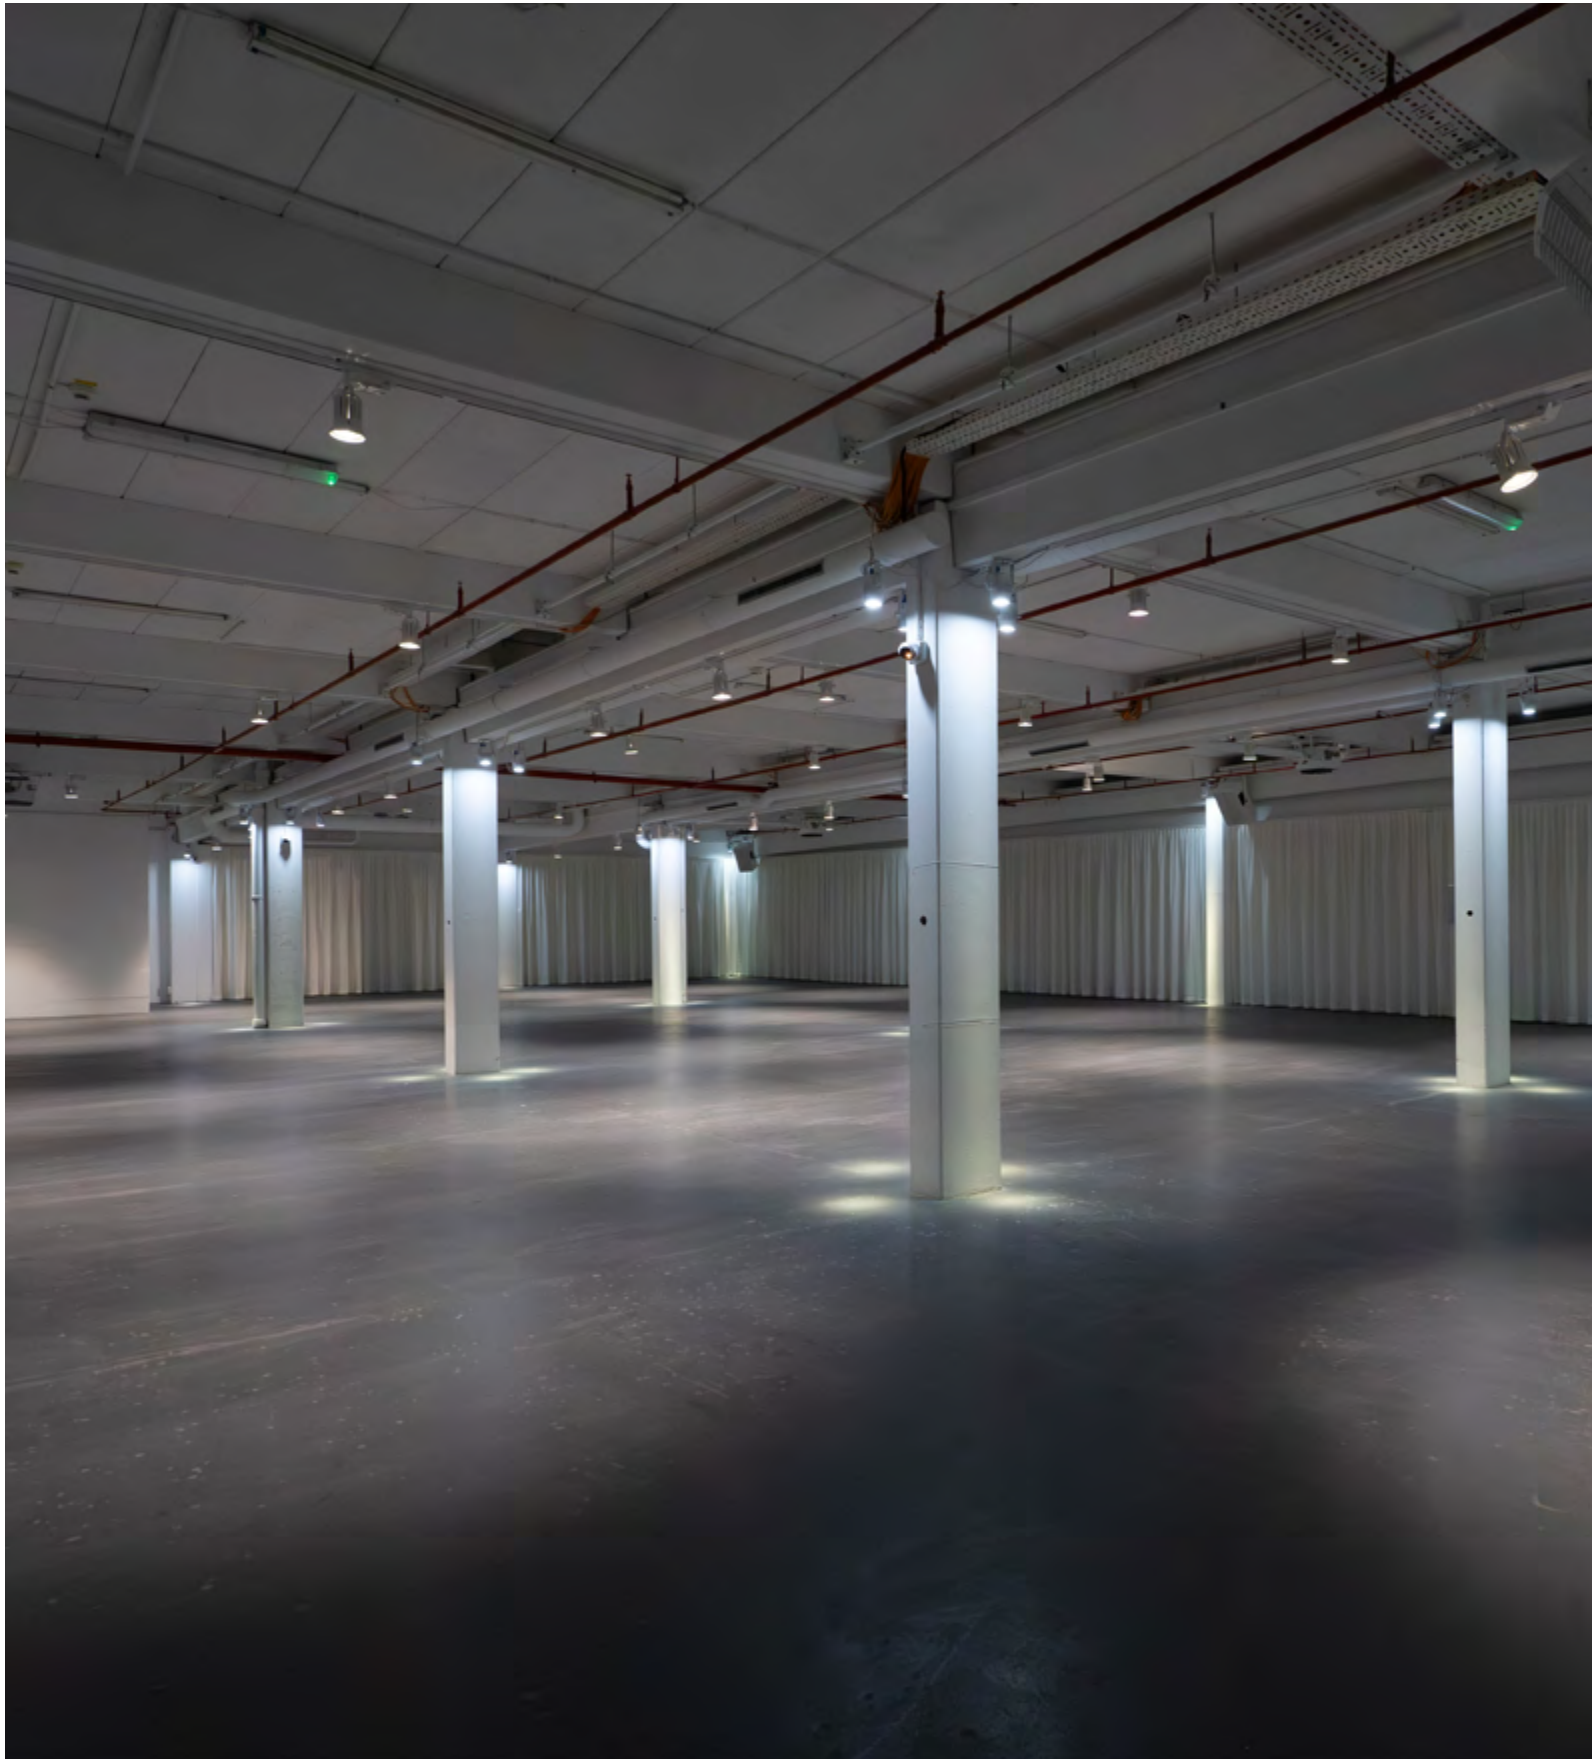

- 1 Gbit/s fibre-optic line
- 4 roof hatches of 2 m² each
- Ventilation system: fresh air supply | heating
- Lighting infrastructure of Eutrac tracks and truss pipe system (174 metres)
- 37 Cameo Spots Q-SPOT 40 RGBW WH
- 36 BB&S CFL Compact Fresnel Light Track, DMX
- Automatic dimming system (99%) | electric blackout blinds
- Electric curtain system
- Panoramic window front overlooking Munich

(Individual seating plans available on request)

ROOM DETAILS

Total area: approx. 600 m²
Room height: 4.4 m

LIGHTING

37 Cameo Spots Q-SPOT 40 RGBW WH

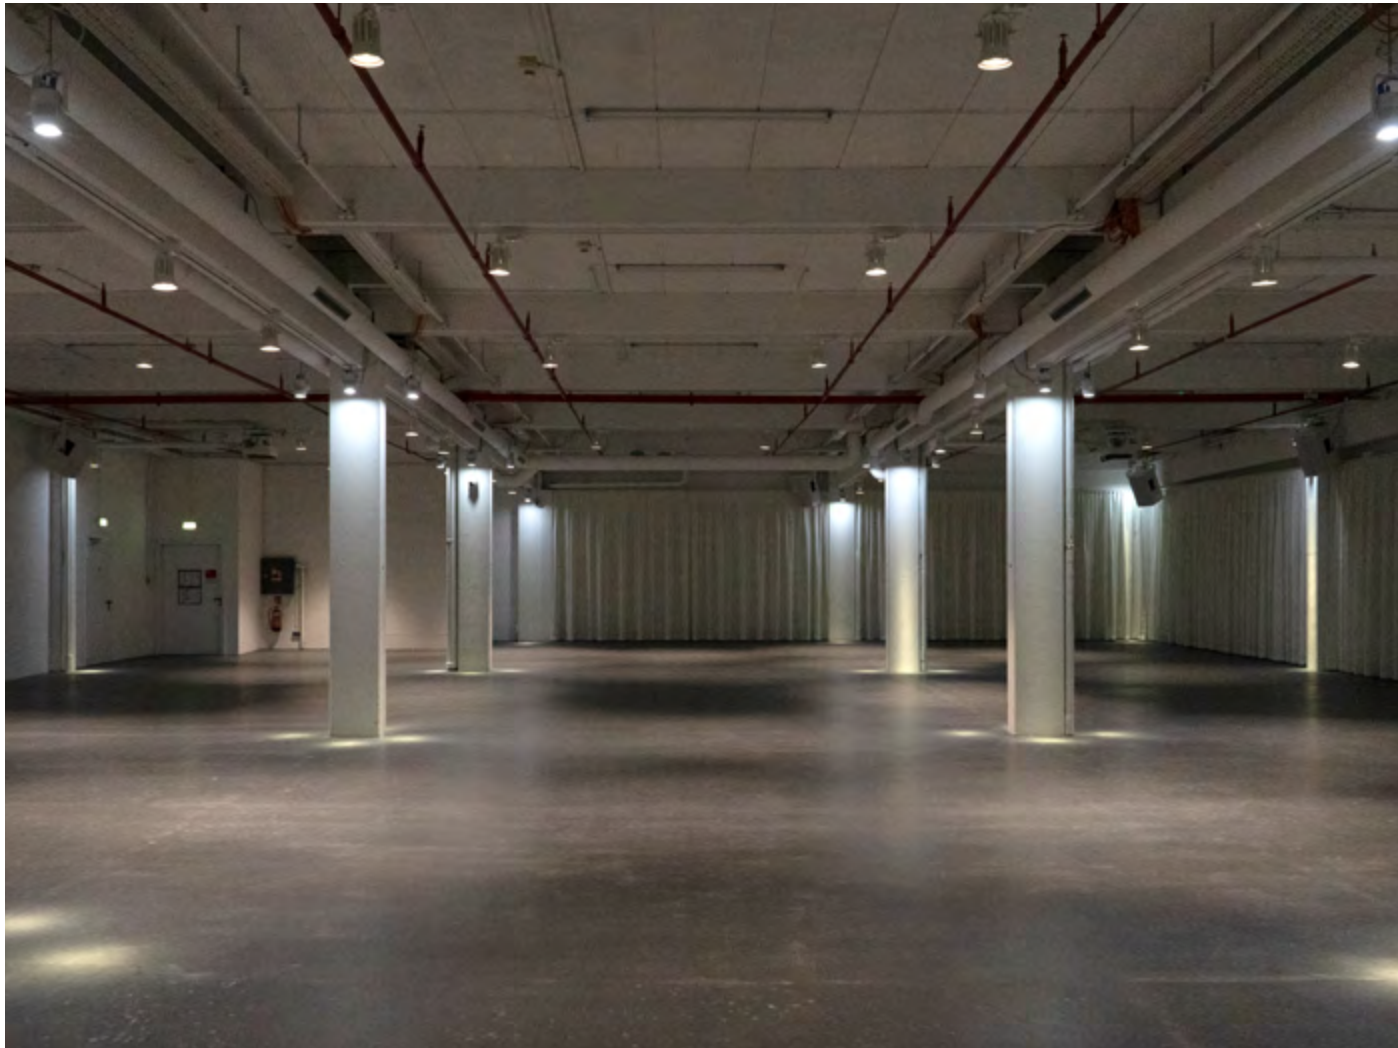

Mood lighting

36 BB&S CFL Compact Fresnel Light Track, DMX

Lighting infrastructure of Eutrac tracks and truss pipe system (174 metres)

Perfect for product presentations, as these lamps produce a very pure white light.

IMPRESSIONS

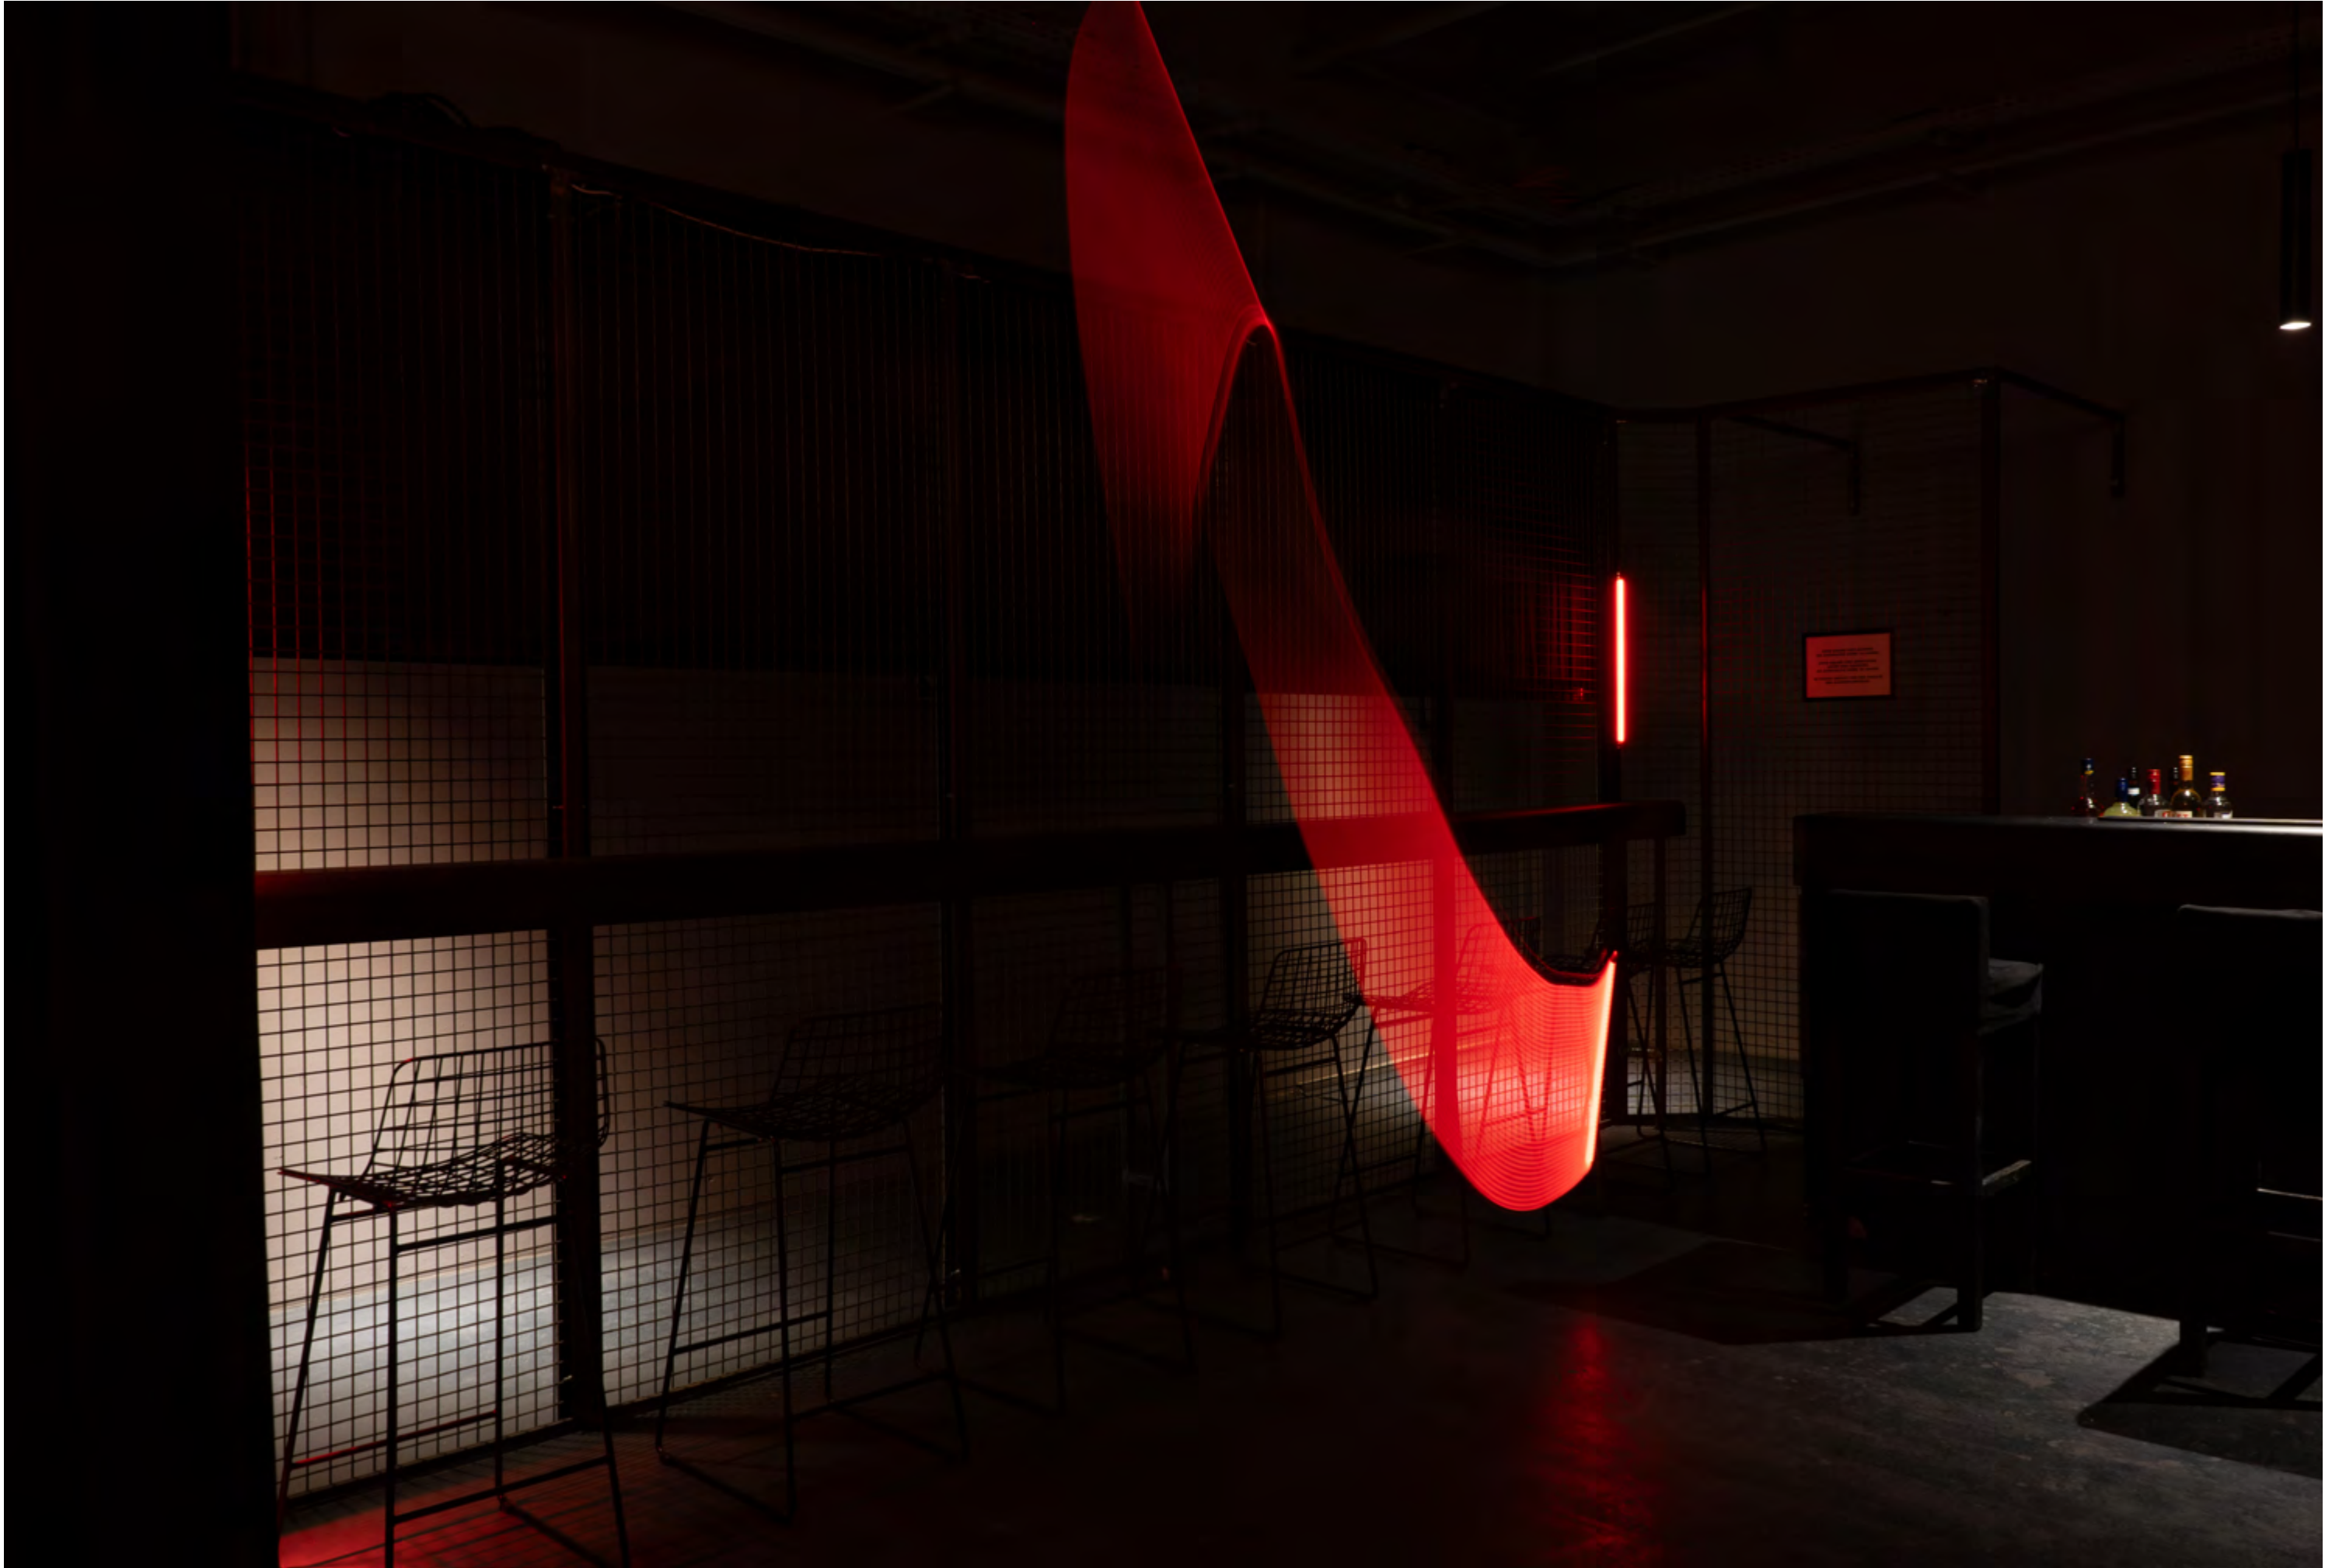

CUBE

Black Cube

The spatial structure is unconventional and left in a raw state. The room offers various accessible levels that also serve as stages. The dance and bar area is enclosed by steel and mesh constructions that turn the room into an experience.

DATA | FLOOR PLAN

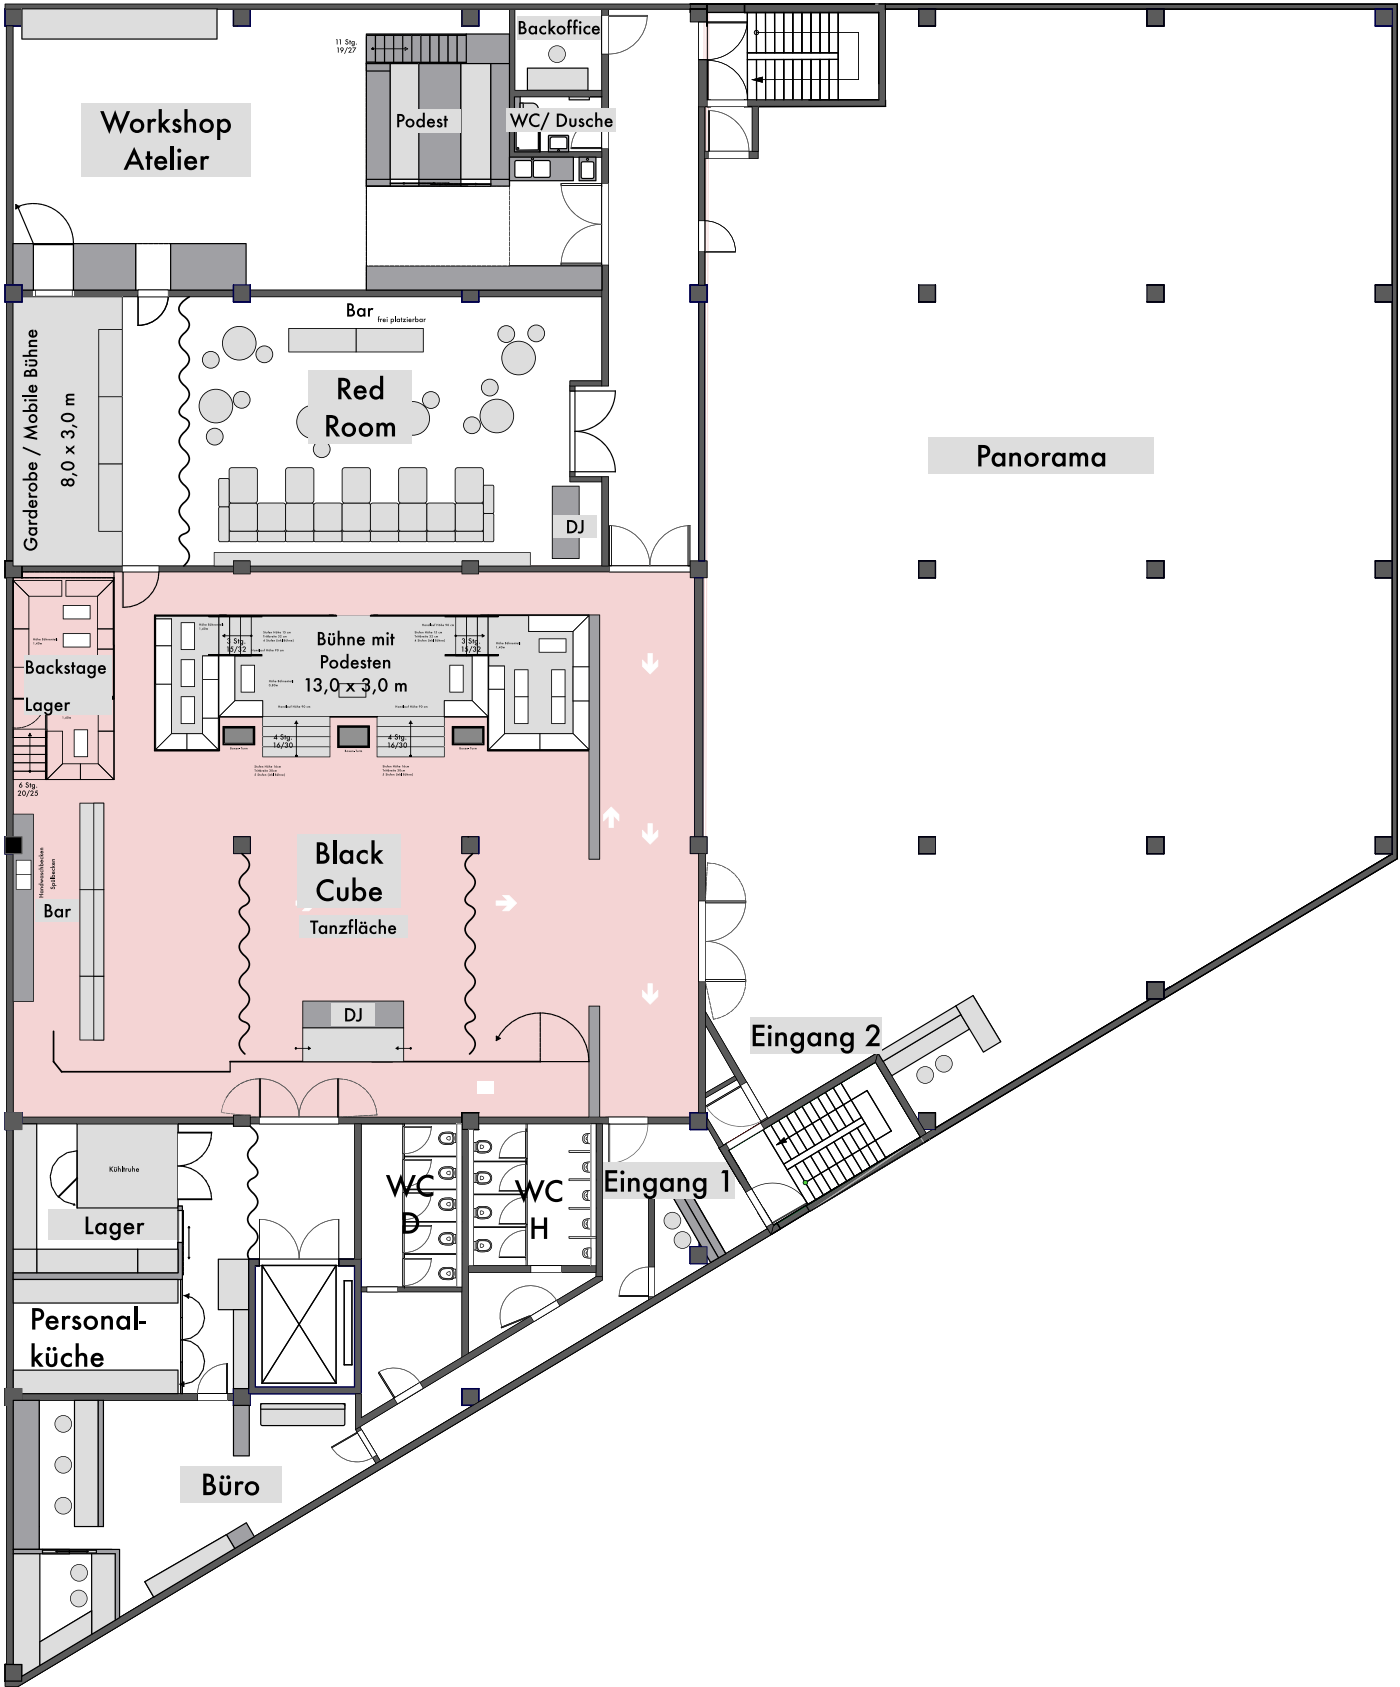

TECHNICAL FEATURES

- 1 Gbit/s fibre-optic line
- 2 roof hatches of 2 m²
- Ventilation system: fresh air supply | heating
- Unique, award-winning audio installation
- Club sound system consisting of:
 - 8 x 15-inch high-frequency speakers
 - 5 x 4x12 mid-range speakers
 - 2 x 4x12 low-frequency speakers
 - 1 x 2x18 subwoofer
 - 6 x 2x18 subwoofers
- Individual dividing curtains with sound insulation, velour
- Lighting infrastructure of Eutrac tracks and truss pipe system (96 metres)

(Individual seating plans available on request)

ROOM DETAILS

Total area: approx. 334 m²
Room height: 4.4 m

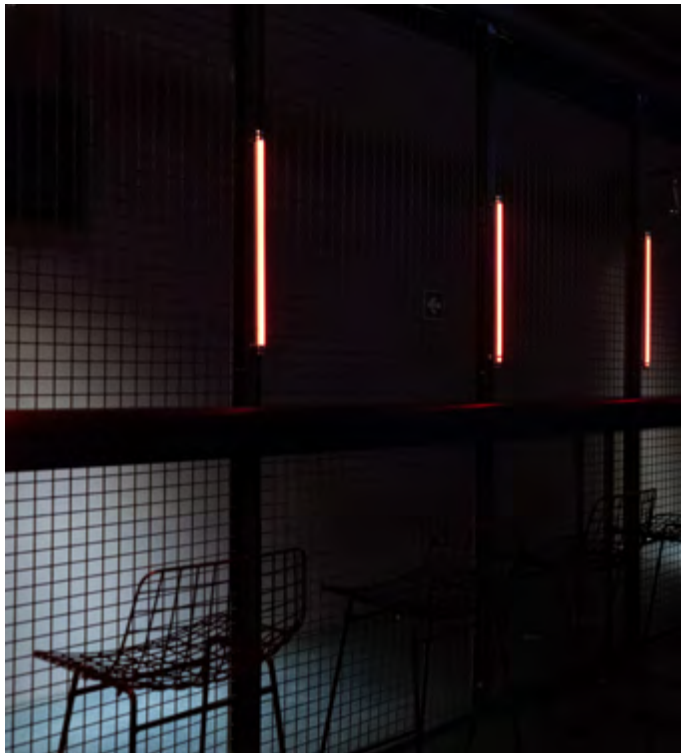

TELEVISION SCULPTURE

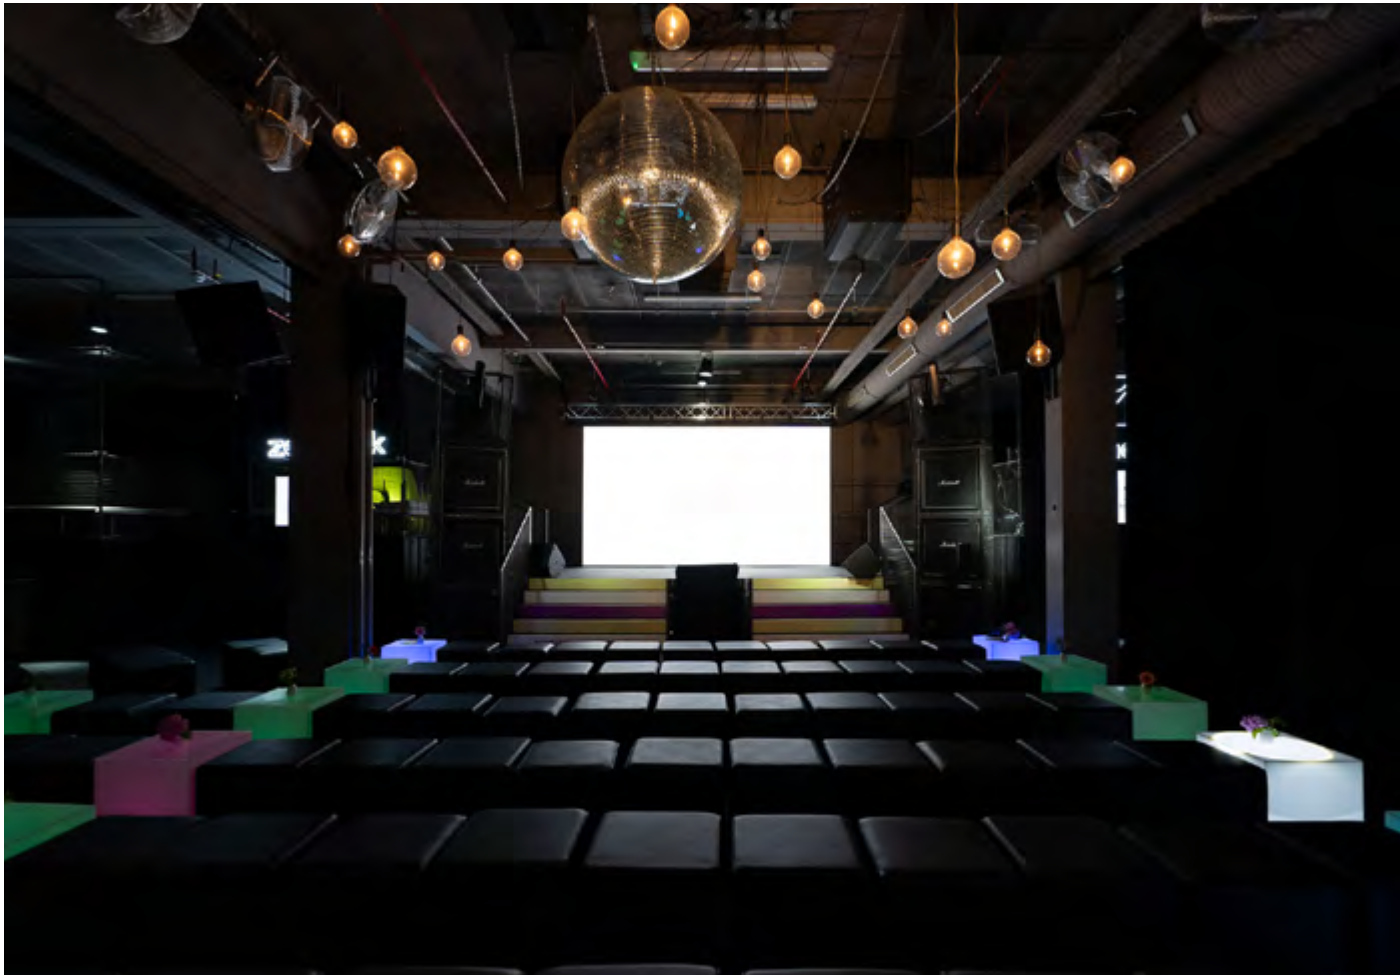

The television wall, which forms part of the work Drunk (2010) by Frank Balve, consists of 27 cathode-ray televisions. Each screen can be played individually, and the particular characteristics of cathode-ray televisions give the images a very distinctive aesthetic.

IMPRESSIONS

RED

Red Room

A large, modular sofa landscape invites guests to linger in the RED ROOM. A stage, state-of-the-art lighting and sound technology and a bar make it possible to stage events of every kind. The room also has a modular cloakroom, which can be separated by a stage curtain and used on its own. The mirrored wall on one side, which can be covered, makes the area appear considerably larger. A roof hatch and ventilation provide fresh air and daylight.

DATA | FLOOR PLAN

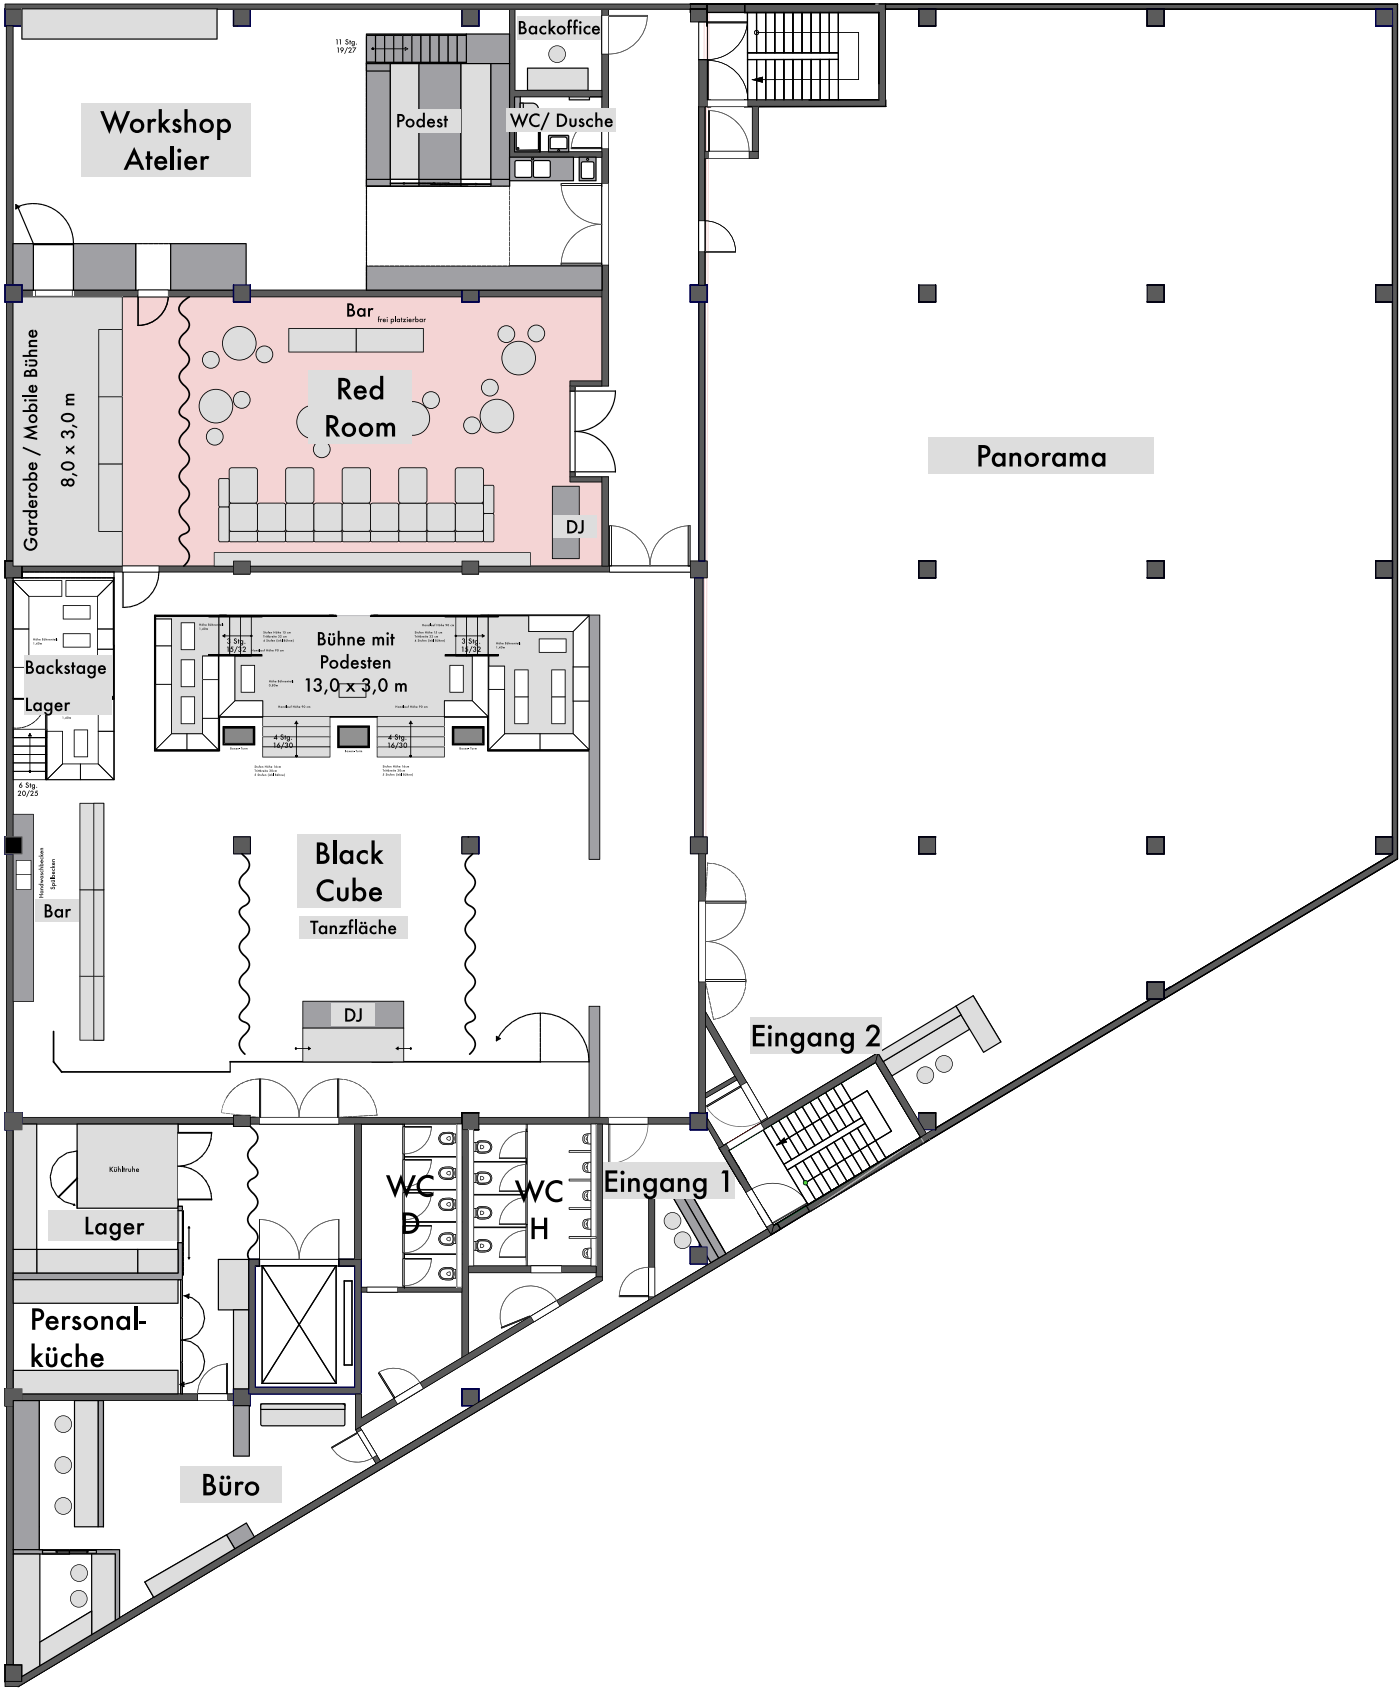

TECHNICAL FEATURES

- 1 Gbit/s fibre-optic line
- 1 roof hatch of 2 m²
- Ventilation system: fresh air supply | heating
- Lighting infrastructure of Eutrac tracks and truss pipe system (48 metres) to industry standard
- Sound system consisting of:
 - 4x 15" high-frequency speakers and
 - 8x 18" subwoofers
- Cinema screen + projection equipment

(Individual seating plans available on request)

ROOM DETAILS

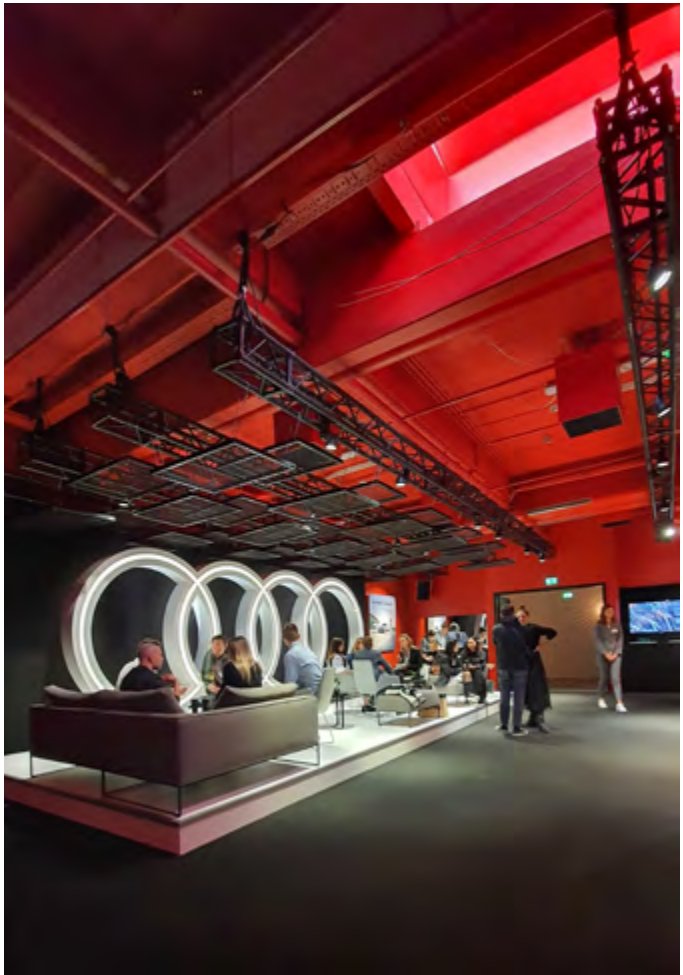

Total area: approx. 145 m²
Room height: 4.4 m

IMPRESSIONS

WORKSHOP

The workshop room features a long glazed window front. The workshop itself is fully equipped and offers a genuine atelier atmosphere. The room is ideal for team meetings in a particularly creative setting and directly invites people to join in. We also offer art workshops for groups - please do ask!

WORKSHOP ROOM

The workshop room additionally serves as a catering room, as it is equipped with a stainless-steel wash and rinsing sink.

BACK OFFICE

CATERING

We work closely with a wide range of catering services. This allows us to ensure that every menu concept is implemented smoothly. Our many years of experience enable us to realise any conceivable culinary concept with ease. Whether it is a simple snack in between or artfully composed aesthetic masterpieces - our catering specialists consistently deliver outstanding quality.

ENTRANCES

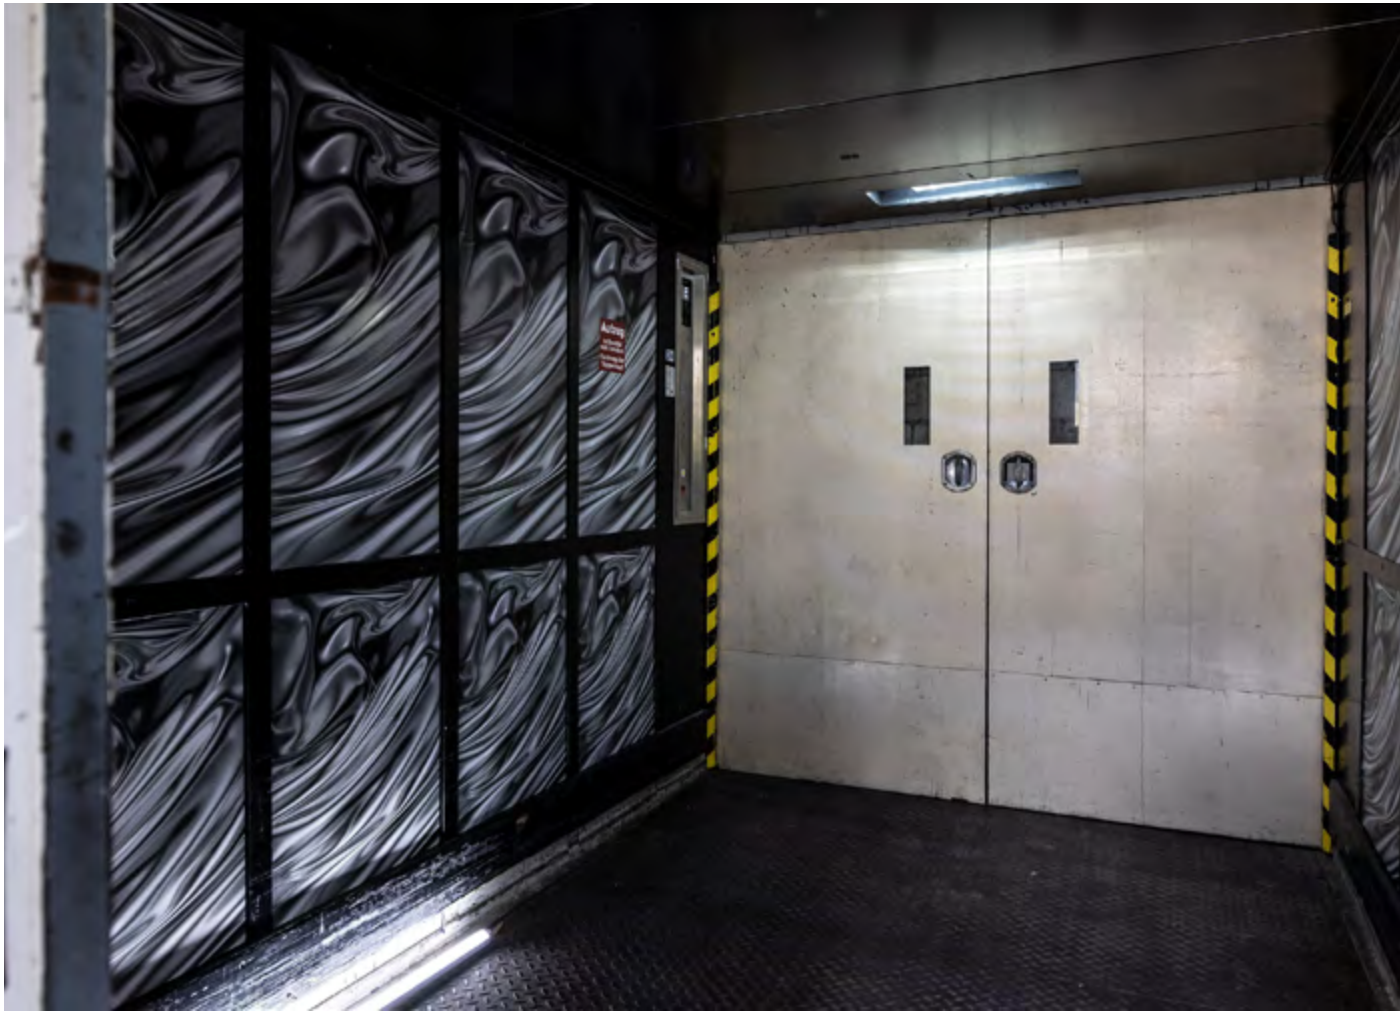

OUTDOOR ADVERTISING

Many clients would like their event to have a presence in public space. Thanks to our location directly between the MVG and Deutsche Bahn tracks, our large window fronts on the third floor lend themselves to impressive and effective outdoor advertising. The windows on the exterior facade extend over a total length of around 90 metres with a height of 1.70 metres. The facade faces west, south and east and is particularly visible from the railway tracks (on both sides).

ADDITIONAL SERVICES

BOOKING - PERFORMANCES / DJs

The KBB team frequently organises its own cultural events, booking numerous musicians, performers, dancers, DJs and more. We are therefore also delighted to support you with booking matters.

MORE TECHNOLOGY AND EXTRAS

The pandemic has changed the world, particularly with regard to digital requirements. We believe that the event industry will remain affected by this change in the long term. We continue to love purely live events at the venue with their exclusive feeling. Nevertheless, we believe that the opportunities offered by online and hybrid events should be used as a digital extension of your event. That is why we have upgraded technically at KUNST BLOCK BALVE. Our own 1 Gbit/s fibre-optic line allows us to live-stream seamlessly at broadcast quality. Our premises also house one of the best-equipped production studios in the city. Audio and video production as well as editing at the highest quality and standard are assured by our own high-class camera and sound equipment and by our talented and reliable specialists. This means you can not only live-stream your event, but also produce making-of videos, image films, social media snippets, behind-the-scenes footage and much more for your own storytelling, making your event even more successful and more sustainable.

LIGHTING AND SOUND INFRASTRUCTURE

KUNST BLOCK BALVE attaches the greatest importance to ensuring that every event in our rooms meets the most modern quality standards. With a great deal of creative passion and technical know-how, we have therefore created a sound installation in our rooms that turns every concert, every show and every presentation into an experience. We are particularly proud that our custom-designed system has already won several awards.

The Panorama room takes its name from its magnificent large window front, which floods the space with daylight. Since the extensive construction work at KUNST BLOCK BALVE, this window front can also be fully and attractively blacked out at the touch of a button using fully automatic white blinds. This gives you the option, for example, of playing visuals via projector across numerous surfaces around the room. Alternatively, you can use our many spotlights and stage lamps to illuminate the room according to your own ideas.

We are also glad to support you with our expertise when it comes to furnishings and set design. We work with reliable furniture rental partners and additionally offer a contingent of our own designer furniture. Beyond that, you can take advantage of our in-house workshop, where we are happy to mobilise our craftspeople to produce objects in wood, steel or the material of your choice, made especially for you and your ideas.

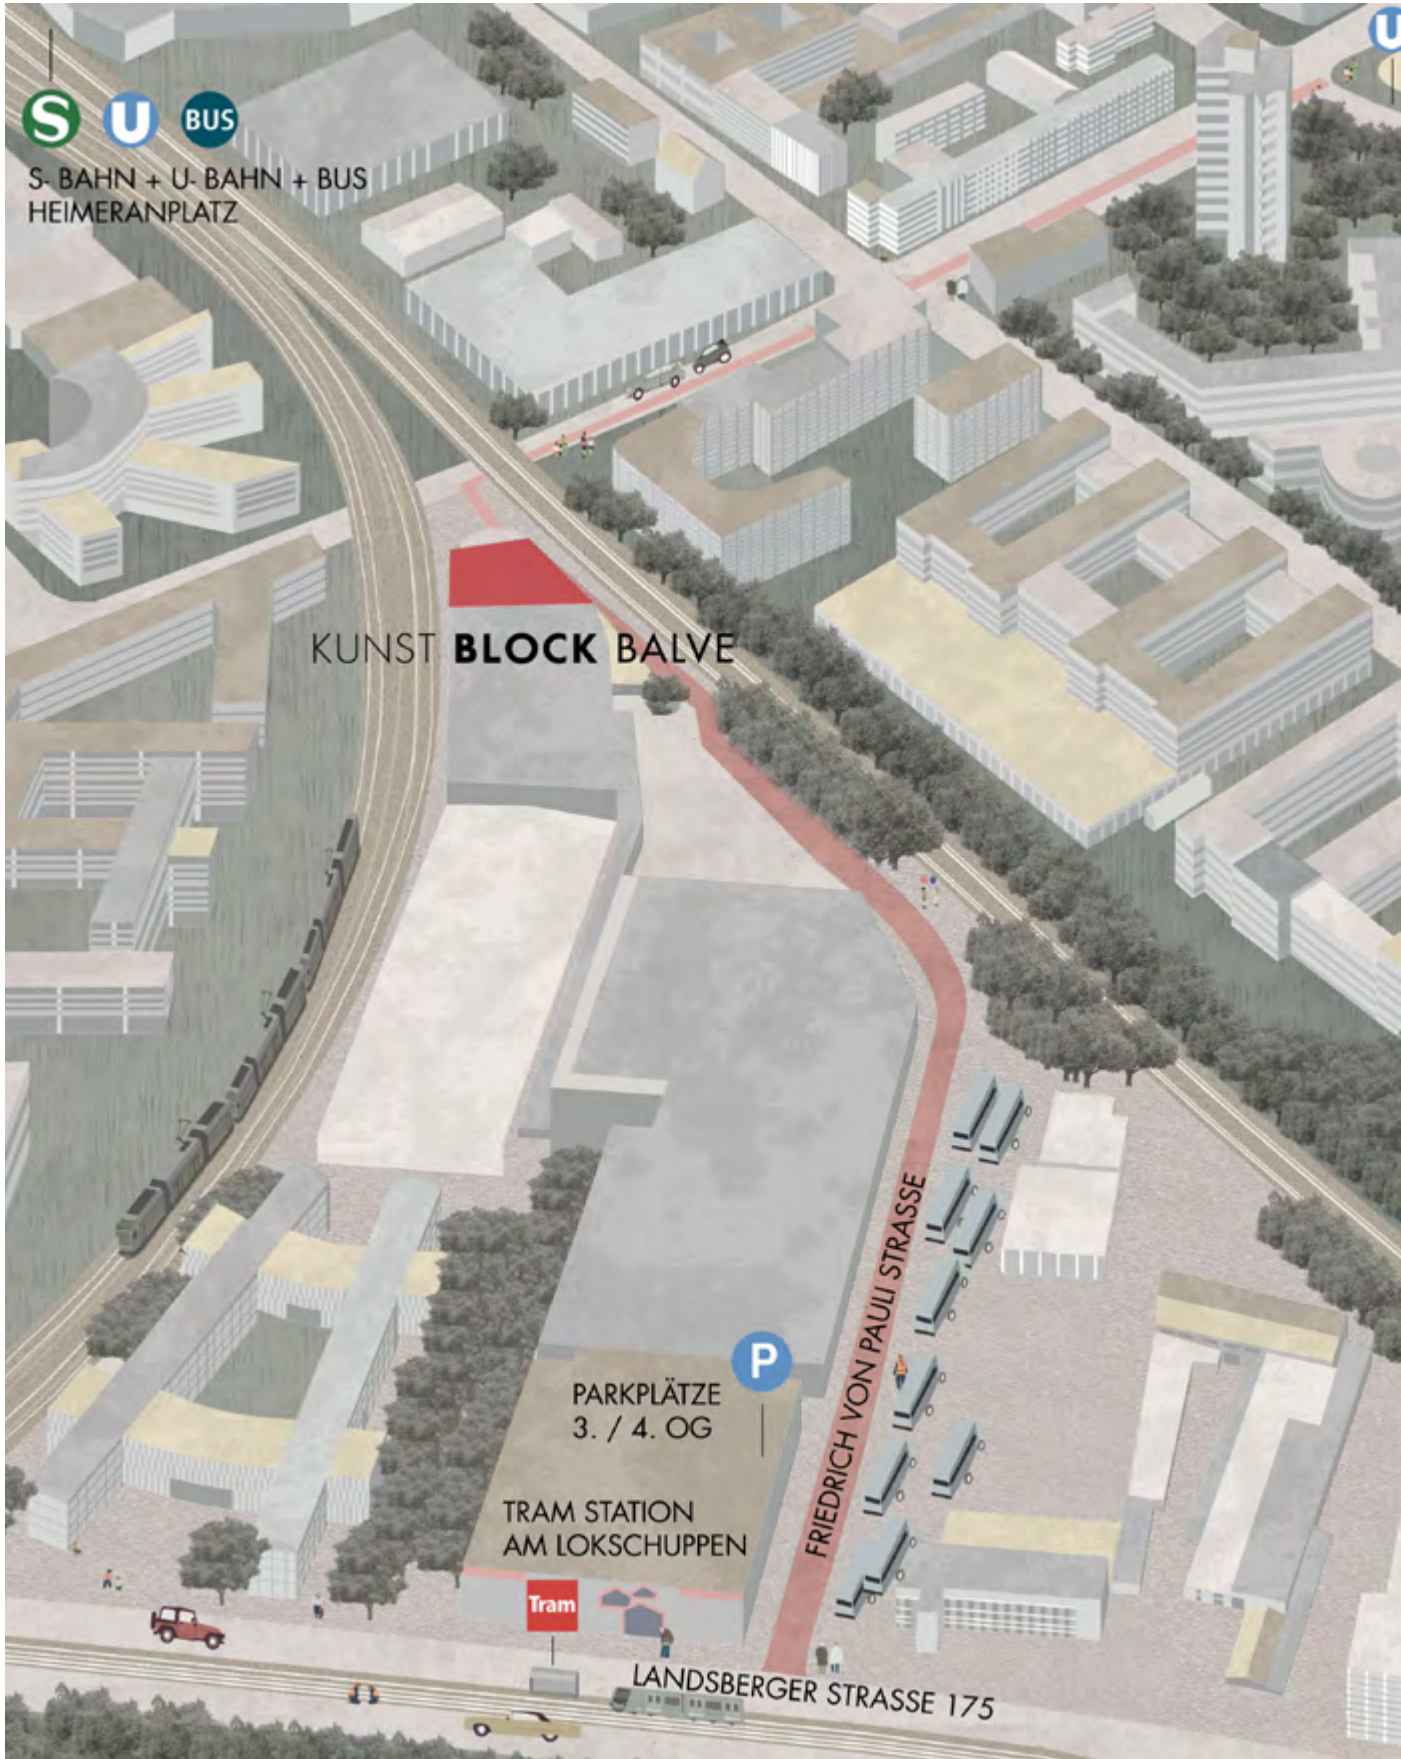

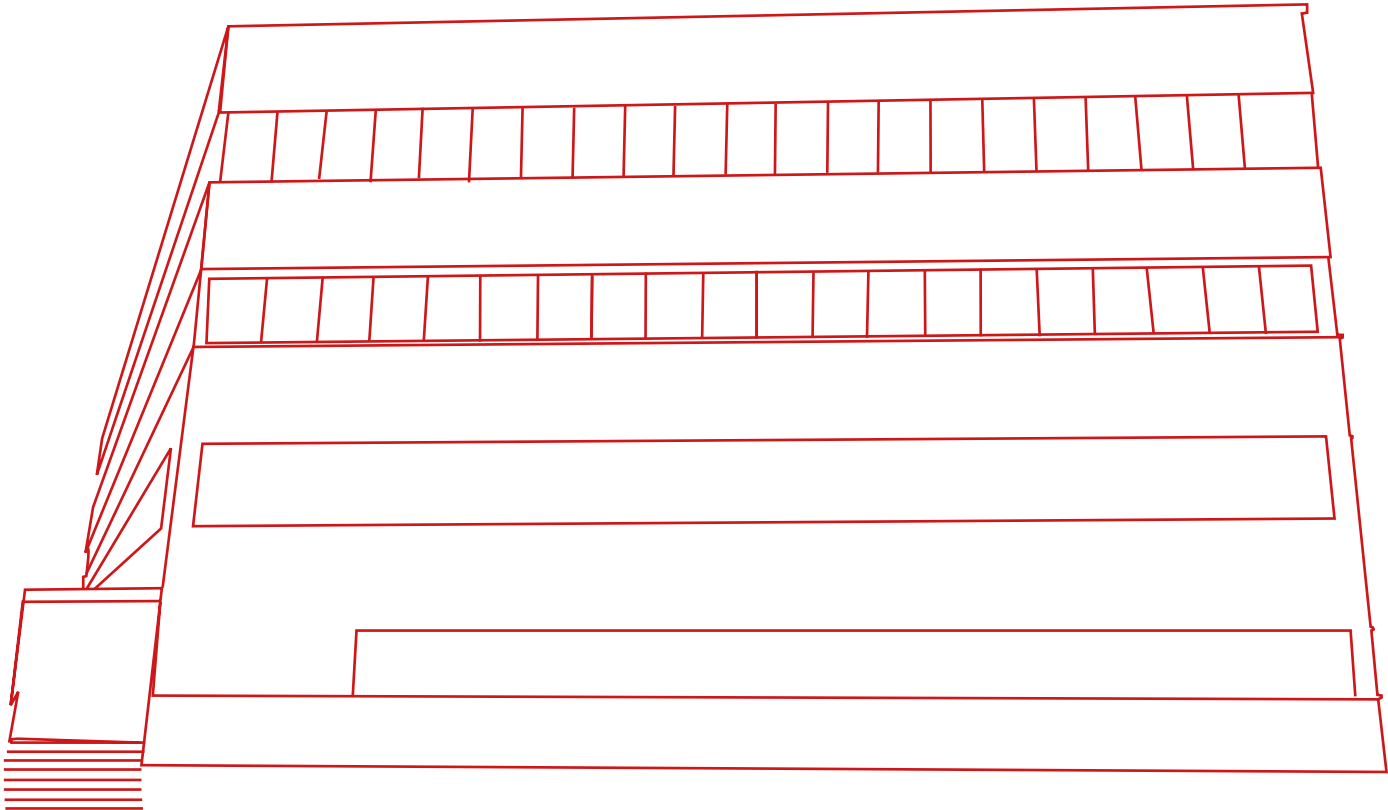

ART DIRECTION & BOOKING BY FRANK BALVE

KUNST BLOCK BALVE is an art space whose floor area is also available to rent. This brings a number of advantages for our clients. Should you require support with the creative design of your event, we have a team that is excellently trained and highly committed. If you would like an art director for your event, Frank Balve, artist, curator and managing director of KUNST BLOCK BALVE, will be pleased to support you in this role. The numerous paintings, sculptures and installations by Frank Balve can also be rented if you would like art objects. Alternatively, we are happy to draw on our connections in the art world on your behalf and curate artworks that suit your event.
